LOUIS DENISON
IN THE MONARCH'S STATION.
A Belmont Production

At The Monarch Balance of Week

ed by Elmer Harris from the play by William Greenway, "The Monarch". Mr. and Mrs. Carter De Haven in "The Monarch" and Mr. and Mrs. George Bennett in "The Tales From the West". All other stars and their instruments.

A pleasant and at times gay show. A picture of the Monarch's station will be shown. It is to be expected that a number of the songs given at the opening will be repeated.

Roger Williams can hardly be conceived as living in harmony, but the new musical comedy, "The Last Days of the Monarch", does some very clever tricks and the cast seems to be on the very best of terms to be on the stage.

One of the best known Broadway comedians on the stage today is Lew Fields, who has been appearing in a running comedy sketch, "The Jinx".

He is in a well-balanced company and as Jacob, Hirschfeld, the prodigal, he is making a jolly good and well-pleased audience.

The League of Comedians presented by Will and Mary Rogers is also doing its

best to make the audience laugh and enjoy itself.

Sidonie do the moving pictures via with the vaudeville stars, Harry Lauder, Eddie Cantor, Larry Semon's newest and funniest comedy, is receiving a great deal of attention and real fits of the bill.

Other movie features include, "Seeing Canada," Topper, "The Fox and the Fox,"

Such a story demands the highest skill in each phase of its making. The author, John Galsworthy, and the Nemesis of his own creation is one to whom the author has given the right of action. Happily for the screen it was born to an actor who measures up to the author's standards. John Barrymore the famous Players-Lasky company has guaranteed the moving picture rights to the author of the foremost tragic actor of this country in the person of Dr. Jekyll and Mr. Hyde.

Lloyd Osborne, stepson of Robert B. Coates, the author of the original play and collaborator of the great author in the writing of the screen version of all the important scenes and after he had seen the picture completed, he said, "I am not surprised the picture appeared to me to give great promise and I am sure it will be a success. I have seen it and I am not disappointed.

It is one of the greatest successes of the year and I hope it will stand as a lasting triumph to the author and to the screen and a credit to the motion picture industry."

You may have read the story or seen the picture in the papers, but when you see it on the screen as interpreted today you will be able to understand why "Dr. Jekyll and Mr. Hyde."

EMPRESSES—One by one the famous old empires are falling. The last to go is Russia, and collecting motion picture comedies, "Empress's Telegram" is the latest. Temple's Telegram" is the latest.

Twenty Per Cent in Passenger and Fifty Per Cent in Sleeping and Parlor Car Rates—West Strongly Opposed, says Western Counsel.

Increased Railway Rates Meets Strong Opposition Before the Railway Board

Railways Are Asking Forty Per Cent Increase in Freight, Twenty Per Cent in Passenger and Fifty Per Cent in Sleeping and Parlor Car Rates—West Strongly Opposed, says Western Counsel.

Ottawa, Aug. 14.—A crowded court room greeted the board of railway commissioners, when they took their seats to consider the application for the opening of one of the biggest railway rates battles which would be obvious. He contended that the proposed increase which are requested.

The railways, asking an increase in rates, a twenty per cent rate increase in passenger and sleeping car rates, an increase in sleeping and parlor car rates. Their case was made by Mr. George E. Hardin, of Phillipsburg, N. J., counsel for the Italian American Railway, and Mr. W. H. B. Beatty, of the Canadian Pacific Railway, outlined the situation of the railroads.

On the other hand, A. C. McNeil, president of the Canadian Manufacturers' association, made clear that his organization would not accept such an increase was absolutely necessary, as the railroads were not fully equipped and managed railway.

It did not propose to agree to such an increase, but the railroads were unnecessary.

Abolished Open.

Mr. McNeil, in his statement to the government of Saskatchewan and the National Dairy Council of Canada, asked the commission to increase the rates of any kind. Why, he asked, if the railroads were to be compelled to accept an increase in the high cost of living. The peak of the movement was reached when the board was asked to straighten this point.

In these railway rates go up, it will mean that the cost of labor goes up, and the cost of living goes up, and as a result, it is time to raise the rates again.
